W-trap *the effective wasp trap*

Wasps are a common problem in the summer and autumn. Towards the end of summer- and in autumn - they become increasingly more aggressive and there is growing chance of being stung.

To stop this nuisance from wasps, Alcochem has developed a multi-functional wasp trap unit, the so-called W-trap.

The trap consists of a cup holder with a conical opening at the bottom. This will allow easy access for wasps, but avoid that entered wasps can exit the trap.

A screw lid is placed on the top of the wasp trap which can be used to open up the wasp trap and empty it regularly.

The colour and materials of the W-trap are chosen to combine a good performance with durability. The wasp trap is suited for outdoor and indoor use.

The supplied base can be used to place the wasp trap in table top position or in a suspended position

You need to use the wasp trap with a wasp attractant.^(*) We strongly recommend to use the Alcochem wasp trap attractant, which is optimised for effective and fast wasp trapping.

Not only does the scent lure wasps swiftly into the W-trap, but the additional natural vinaigrette ensures that the trapped wasp are seduced very quickly and fall into the fluid (attractant i.c. with water), hereby offering a fast kill.

The wasp attractant is developed on a non-chemical and environmental friendly basis and is absolutely harmless to humans and animals.

Key features:

The wasp trap has been designed to offer durability and ease of use, combined with a realistic price for both end users as well as industrial users.

() 1 package of our attractant is included in the scope of supply*

Specifications:

| | |
|--------------------|---|
| Material | : transparent yellow PP plastic, black holder |
| Attraction medium | : Wasp trap attractant Insective Art. no. : 2.13.4901 |
| Mounting position | : Free standing or hanging (rope included) |
| Article number | : 2.13.4050 |
| Product dimensions | : 13 x 20 cm (Diameter x H) |
| Guarantee | : 1 year on mechanical failures |
| CE-approval | : yes |
